When computing the fee for your occupation tax, we are interested in the location of your business office and the number of employees and/or business owners that are actually working within the city limits of Rogue River.

Examples:

1. Your office is located outside of Rogue River, but you do work (sales, consulting, construction, etc.) within the city limits. What is the greatest number of employees and/or business owners inside of the city at one time? Use this as the employee count to determine the license fee in Schedule B.
2. Your office is located inside of Rogue River. You do work in Rogue River and/or outside of the city limits. What is the greatest number of employees and/or business owners working? Use this as the employee count to determine the license fee Schedule A.
